Fort St Location

Oak Bay Ave Location

Fort Royal Pharmacy completes 10-years in your local community. They first opened their doors in 2011 at their location on Fort/Richmond, and have now expanded to 3 locations: Fort, Hillside and Oak Bay. Fort Royal Pharmacy Group is locally and family owned, serving its community in Victoria, Saanich, Oak Bay, Esquimalt, Landford and Sidney.

This year, they are voted as one of the top three “Best Pharmacy in town” by the Times Colonist Readers Choice Awards 2021. “We work very closely with our complex care patients on a daily basis. Our prices are

very economical as compared to other competitors. We strive in providing quick and efficient service with focus on patients’ all pharmacy needs. Building patient relationships and trust in our services is our top priority.” - Vik Bawa, Owner.
Working with the BC health care team, Fort Royal Pharmacy provided COVID vaccinations quickly, efficiently, and safely. Their whole team stepped up to the challenge to make this community safer. During Influenza season, you can make appointments and get Flu vaccinations at any of their locations.

“We live in this community and serve this community as best as we can. On our new front, we are helping patients in getting touch with new Doctors.” - Hans Bawa, Director.
All their Pharmacists are qualified, professional and

experienced. Visit the pharmacy and talk to any one of them for your prescription needs, medical reviews or general consultation. For any over the counter products, their pharmacy staff and Operations Manager is always willing to go the extra mile to serve

you. They provide free delivery across their community. For more information, visit any of their 3 locations on Fort St, Hillside Ave, or Oak Bay Ave or their website at: **FortRoyalPharmacy.ca**
